

Clinical Pastoral Education

INSPIRE

Our Clinical Pastoral Education (CPE) program provides a supportive context for exploring the significance of stories—the patient’s and our own.

The CPE group becomes a learning community that provides focused opportunities in seminars and direct patient care for enhancing spiritual care skills and learning the theory that supports these skills. AMITA Health Adventist Midwest Health is accredited by The Association for Clinical Pastoral Education to offer Level I and Level II CPE. Applications are accepted throughout the year.

Consult Keepingyouwell.com/CPE or ACPE.edu for the application.
